## NOTE OF CAUTION TO PG BISON CUSTOMERS AND SUPPLIERS

It has recently come to our attention that a crime syndicate - operating mainly in Gauteng - is fraudulently using a replica of our standard Order Form to open accounts in the name of our Company. This is apparently accomplished by using a bogus web-site and by forging/falsifying documents, including application forms. The names of some of our company officials are also used in the execution of this fraudulent scheme.

As a result of suspicion on the part of some of our suppliers, our Corporate Head Office was alerted about the scheme. In those instances we were able to take appropriate preventative action. It was however subsequently discovered that there are some instances where the scheme had indeed been executed.

The matter has been fully reported by us to the SAPS. Every Supplier who has received such fraudulent orders or who has become a victim of this scheme, has been encouraged to do likewise.

This notice is thus intended to alert all suppliers of goods and services to exercise caution when they receive emails or other communications from our Company enquiring about the opening of an account and/or the ordering of goods on account. If this occurs, kindly verify the truth and correctness of such communication and/or document with our Financial Manager: **Mr. Krish Naidoo at (011)8975200.**
